

Dr. Mays

Theater

Walker Watson

For my assignment in Theater of the Great Depression Years, I plan to interview a panel composed of people who were active in film, theater, or radio during the 1930's. This panel interview/discussion will take place at the WOTT Cablevision Studios and will be videotaped and possible live cablecast at the same time.

I have at this time asked Charlie Wadsworth to mention my project in his Sentinel Star column, and have a PSA running on WORL Radio. The panel leader will be Tom Webb at WORL and the production date is set at February 15, 1975, Saturday, at 2:00 p.m. The instructor and the class are invited to attend. I also invite other class members to participate in any area of this project.

In case of unforeseen circumstances, for an alternate project, I will tape record and present radio drama from the same time period, the 1930's.
